ABOUT

I'm a web developer and programmer from the Philippines. I have a diverse set of skills ranging from PHP, Laravel, Wordpress and many more. I believe in innovation and it is my passion, whether a project is small or big - for me, every website deserves to be interactive and have the best web presence.

SKILLS

-
- PHP, MySQL, Javascript, jQuery, Ajax
 - CSS (Bootstrap, Flex), HTML, HTML5
 - WordPress, WooCommerce, Shopify
 - Laravel, Vagrant
 - Nginx, Apache

EXPERIENCE

August 99 / Software Engineer - SME at Oqulo Team

May 2022 - Present, PASIG

I am working under our CTO for research and development on how to further improve/optimize and secure our codes and server for our products

August 99 / Sr. Full Stack Developer at Culture Kings Team (Ecommerce)
